

**Snohomish County**

The City of Everett is known for its beautiful waterfront setting and magnificent mountain views. Snohomish County's varied topography ranges from saltwater beaches, rolling hills and rich river bottom farmlands in the west to dense forest and alpine wilderness in the mountainous east. Snohomish County and the City of Everett are also known for working together and embracing a true sense of community pride and leadership.

As the City and County continue to see tremendous growth, the Everett Area Chamber of Commerce works tirelessly to find new ways to improve the quality of life in our area, and promote economic development and the interests of local business. This Community Resource Guide is packed full of information about our communities and the attractions you will want to be sure to catch.

Our business, government and community leaders are keenly aware of the need to diversify the economy and grow our job base. Our goal is to ensure that this region is recognized for having a workforce and business climate that is creating new opportunities for local business.

We are proud to be the home of the world's leading aerospace manufacturer – the Boeing Company. Boeing's production of 747, 767 and 777 aircraft makes our region a major source of America's exports. We are also home to production of the 787 Dreamliner, Boeing's next generation of aircraft.

Naval Station Everett, the world's most modern naval station, has been a prominent partner on our waterfront for more than a decade. The City, County and Chamber of Commerce have developed partnerships with Naval Station Everett that truly benefit our community. In fact, Naval Station Everett has become known as the "Sailor's Choice."

Our community offers limitless recreational opportunities. Snohomish County is home to over 10,000 acres of park lands. Everett alone has more than 40 city-owned parks. Whether you like to hike and rock climb, are an avid cyclist, or want to take a more relaxed approach, we have what you're looking for. For example, the Port of Everett's marina is the second largest on the West Coast. The Everett School District's Memorial Stadium includes a football stadium, which seats 10,000 spectators, and a baseball park, which seats 4,500. And, the new Everett Events Center in the heart of downtown provides an opportunity to take in a variety of events, including ice hockey, football, ice skating, concerts, shows and conventions.

Not far from the Everett Events Center you will find Everett Station, which is our unique center for transportation, higher education and employment. During your visit to Everett Station, be sure to check out our public art display.

We are proud to welcome you to our community. We know you will enjoy your time with us. Welcome!

Aaron Reardon  
Snohomish County Executive

Ray Stephanson  
Mayor of Everett
